

Cooling Tower Service You Can Trust

When you choose to work directly with the SPX Cooling EMEA Service team, you're investing in unparalleled expertise, reliability and peace of mind. Our team brings value to your operation with a 100+ year history of innovation in the industry, knowledgeable cooling tower professionals and a variety of durable Marley®-engineered components designed to optimise uptime and reliability.

SPX COOLING EMEA SERVICE TEAM

KEY BENEFITS OF CHOOSING DIRECT OEM SERVICE

COOLING TOWER EXPERTISE

Precise product knowledge and time-tested service methods from professionals that know cooling towers, inside and out. Plus, our team is continually trained on the latest technology and service best practices.

MARKET-LEADING SAFETY CULTURE

The service team members undergo 100's of hours of internal and external safety training per year. Your safety record is safe in our hands.

ASSET LIFECYCLE PROTECTION

Extend the lifespan of your cooling equipment and protect your capital investments with efficient and reliable solutions.

FASTER ISSUE RESOLUTION

With direct access to OEM and competitor technical data, we resolve problems faster and more effectively, no matter the equipment vintage.

GUARANTEED QUALITY AND ACCOUNTABILITY

Work is performed to strict protocols, ensuring consistent, high-quality results while reducing onsite third party risks.

PEAK SYSTEM EFFICIENCY

Our exhaustive portfolio of system optimisations leveraged through decades of experience will deliver savings recognised through utility costs and equipment uptime/output.
